

UPDATING THE BAILDON PLAN

A survey to discover your views on the future of Baildon

Introduction to the survey

The Town Council has decided it is time to update The Baildon Plan and seeks your views.

This Plan was put together four years ago after extensive consultations with local residents. (You can find a copy of The Baildon Plan at the Library or at the Town Council Office at Baildon Community Link, or by visiting our website at baildowntowncouncil.gov.uk/baildon_plan.php).

The current Plan has underpinned much of the work of the Town Council and partner organisations over the past three years. We would like your input to make sure that the updated Plan properly reflects the opinions, interests and needs of Baildon residents.

By completing this survey, you will be helping the Councillors on Baildon Town Council to decide how, in the future, they should best allocate resources, establish projects, work in partnership with others, or speak up for the needs of Baildon. We will also share the results of this consultation with other statutory and voluntary organisations to help them to determine their priorities for Baildon.

We want to find out your views about which of the activities and issues listed below are the highest priority for attention in Baildon over the coming four years. For each question, please tick the appropriate box to indicate how important the issue, activity, or facility is to you. (If you don't feel strongly then just leave the item blank.) Please tick only one box for each question.

A FACILITIES & ETHOS

1. Make Baildon's facilities & activities as accessible to disabled people as possible.

Lowest priority 1 2 3 4 5 Highest priority
